

Homework Submission - Completed

Student: Aarav Sharma

Topics: fractions, multiplication, division, and word problems.

All answers submitted with score and teacher feedback.

1. Fractions: one half plus one quarter equals three quarters.
2. Multiplication: 6 times 7 equals 42.
3. Division: 24 divided by 6 equals 4.
4. Word problems: needs more practice with reading carefully.

Status: completed and submitted on time.
